PROFESSIONAL SUMMARY

User-centric Product Designer with 6+ years of experience across fintech, banking, and marketplace products. Expertise in design systems, user research, and data-driven UX strategy, with a track record of shipping intuitive, scalable experiences that improve engagement and business metrics. Skilled at bridging strategy and execution with cross-functional teams, mentoring designers, and driving UX excellence.

SKILLS

Interaction Design, Design Systems, User Research, UX Strategy, Usability Testing, Wireframing and Prototyping, Problem-Solving, Critical Thinking, Cross-Functional Collaboration, Communication, Mentoring

WORK EXPERIENCE

Product Designer — Wells Fargo

Feb 2024 – Present

- Contribute to the Public Site and enterprise Design System, ensuring consistency and scalability across products.
- Enhance the Bill Payments UX, optimizing flows for greater efficiency and task completion.
- Develop key Design System components and collaborate on guidelines and best practices.
- Mentor designers and support legacy-to-modern platform migration for improved usability.

Product Designer — Cars24

Jun 2022 – Jan 2024

- Led end-to-end design for the Cars24 Dealer App — research, usability testing, and implementation — improving TAT, NPS, and conversion rates.
- Optimized the Sell Online flow, streamlining the user journey for higher conversions and satisfaction.
- Designed and shipped a secure, seamless end-to-end Challan payment flow.

Product Designer — Klubworks

Apr 2021 – Jun 2022

- Led design for Klub's patron platform, improving user experience and engagement.
- Designed a syndicate financing product tailored to Klub's audience, collaborating on user flows and intuitive interfaces.
- Revamped the company website to enhance user experience and align with brand guidelines.

UI/UX Designer — Spottabl

Nov 2019 – Apr 2021

- Led design across the admin platform, SaaS hiring product, and consumer platform.
- Managed end-to-end design for social media, marketing, and a full website revamp.

UI/UX Designer — Grexter

Jun 2019 – Oct 2019

- Conceptualized and designed a tenant-friendly dashboard for rent monitoring, event updates, amenities, and community interaction in a co-living platform.

EDUCATION

B.Des, Communication Design — National Institute of Fashion Technology (NIFT)

2015 – 2019
